

National Ataxia Foundation's Neurologist Resource List United States Includes Neurologists and Ataxia Clinics

Disclaimer:

*This is a resource list of neurologists who have expressed an interest in seeing patients with Ataxia. It is offered as a service to the ataxia community by the National Ataxia Foundation (NAF). However, NAF does not verify the medical qualifications, practice capabilities or licenses of these neurologists and NAF is not liable for any diagnosis or medical treatments given by the medical professionals contained on this resource list. If you have questions or concerns, please contact the National Ataxia Foundation at 763-553-0020 or naf@ataxia.org.

Research Opportunity

Pilot Study for Imaging in SCA

Peggy Nopoulos, MD, Neuropsychiatrist

<https://nopoulos.lab.uiowa.edu/>

The purpose of the study is to examine both the structure and functioning of the brain in adults with a diagnosis or is at risk for Spinocerebellar Ataxia. Participants will be asked to do the following as part of the study: 1) Physical and Neurologic exam, 2) Cognitive Testing, 3) Questionnaires, 4) Brain Magnetic Resonance Imaging (MRI), and 5) Blood sample for genetic testing. Subjects travel to Iowa City and are assessed annually. All travel and related expenses are paid for by the research program and subjects are compensated for their time. If interested, potential subjects can contact Ashley Cochran at 319-384-9132.
